WATERLOO HOUSE, HARBOUR STREET, KINGSTON, JAMAICA

This was the scene where in 1915 a Jamaican Military Contingent was setting sail for the Great War, World War 1. The picture was used as the basis for the Jamaica 1921 stamp One Penny Half Penny.

This picture on the postage stamp also shows a similar Jamaican Military Contingent boarding a transport ship in 1915, bound for the First World War in France. The ship had to be diverted to Halifax due to U-boat activity and some of the troops, not dressed for the winter ended up dying there.

THE QUATTIE STAMP FROM PICTORIAL ISSUED IN 1921.
